

Dicot Farm Community Supported Agriculture (CSA) Member Agreement - 2021

When you purchase a CSA share, you are signing up to be an integral part of Dicot Farm - investing in us at the start of the year and experiencing the ups and downs of the season with us. You pay upfront in winter and receive the freshest in-season veggies every week or every other week for a set timeframe later in the year.

When you sign up for a Dicot Farm CSA share, you agree to the following terms:

Pick Up Site

- I have signed up for a share type + pick up site and paid via the Dicot Farm online store OR I have separately contacted Dicot Farm about a different payment method.
- I have selected one of the following three pick up sites and will pick up at my selected site as indicated.

Site	Address	Day/Time
Bowling Green Farm	12875 Edelen Road, Bryantown, MD, 20617	Wednesday 5pm-7pm
Waldorf Farmers Market	10400 O'Donnell Pl, Waldorf, Maryland 20603	Saturday 9am – 1pm
Greenbelt Farmers Market	25 Crescent Road, Greenbelt, MD 20770	Sunday 10am – 2pm

Share Type

- I have selected one of the following three vegetable share options. I understand each share will contain approximately 6-8 items depending on many variables including seasonality, weather, etc.

Share Type	Weeks	Cost
(A) Weekly	Weeks of May 5 - November 10, 2021 (26 shares, with 2 off weeks determined by Dicot Farm)	\$610
(B) Biweekly	Every other week May 5 - November 10, 2021 (13 shares, with 1 off week determined by Dicot Farm) <i>Biweekly shares pick up every other week - they will start either the week of May 5th OR May 12th – Dicot Farm will confirm my start date by April.</i>	\$315

Microgreens Add-on Option – only at Bowling Green Farm Pick Up Site

- If I selected Bowling Green Farm as my pick up site AND I chose to add on an option to receive microgreens from Leafcutter Farm (www.leafcutterfarm.com), I agree to the following.
- I understand that I will receive different varieties of microgreens as determined by Leafcutter Farm.
- I understand that the microgreens are not grown at/by Dicot Farm and are not Certified Organic.

Share Type	Weeks	Cost
Optional Add-On: Microgreens	Same as weeks in option selected above; whenever I pick up my veggies, Leafcutter Farm microgreens will be included in my share	\$120 (weekly) \$60 (biweekly)

Dicot Farm Community Supported Agriculture (CSA) Member Agreement - 2021

General Logistics

- I understand that Dicot Farm will determine two weeks in the summer when CSA pick ups will not occur. Biweekly members will only be impacted by one of these weeks.
- If I am unable to pick up during the designated timeframe (e.g., due to vacation, emergency), I will let Dicot Farm know as soon as I am aware of my inability to pick up to discuss alternate pick up options (via contact info Dicot Farm will provide prior to first share pick up). Dicot Farm will do its best to ensure members can pick up shares but will not be able to do so if members do not communicate in advance.
- If I miss a share pick up AND I communicated with Dicot Farm in advance about it, I will have the option to pick up the following week (for biweekly shares) or double up my share the following week (for weekly shares).
- If I miss a share pick up AND I DID NOT communicate with Dicot Farm in advance about it, I forfeit that share.
- Variety will depend on many variables such as seasonality, weather, pest pressure, etc. Some weeks may offer more options than others. Dicot Farm may purchase produce from other local farmers (that grow using Organic practices, though they may not be Certified Organic) in order to provide enough variety, especially for crops Dicot Farm does not grow. If this happens, Dicot Farm will inform members of who grew any produce not grown by Dicot Farm.
- I am entering into a **shared risk and reward** agreement with Dicot Farm and understand that due to unforeseen events and unpredictable weather, there may be variations in planned or expected crops. Dicot Farm's goal is to provide CSA members with produce at an average price of 10-20% off the farmers market price if we have very good yields, but possibly 0-5% off or negative if we have crop failures.
- If I have any complaints or feedback about the CSA or my share, I will communicate with Dicot Farm (dicotfarm@gmail.com) so that we may mutually address any issues.
- My purchase is eligible for a refund only if I move out of the area or if I experience a personal/financial hardship. Refunds will be prorated. Dicot Farm may grant refund requests for personal reasons on a discretionary basis. Refunds for reasons of personal preference will impose a hardship on Dicot Farm who has already incurred labor and material expenses on my behalf.
- Weekly share information and any other important communications from the farm will be delivered via email and opening these emails is my responsibility.

We look forward to being your farmers in 2021!
